## Fort Worth Artist Celebrates Diversity

*Mirta Toledo*

Fort Worth artist and HWNT member Mirta Toledo expressed her beliefs about the Hispanic community through an exhibit at

Texas Women's University in late September. Entitled "Pure Diversity," the more than 20 pictures and paintings, were sponsored by the Intercultural Services and the Student Center in celebration of Hispanic heritage month.

"With this collection of works I wanted to reflect the ethnic and cultural diversity that exists not only in my familiar group, but also in the Hispanic community and society as a whole," said Mirta.

Previous exhibits were held at Fort Worth's Museum of Modern Art and a show of her works during the Ballet Folklórico. Mirta illustrated "Las Semillas Elementales," a novel she published in Buenos Aires.
